## ABOUT OUR COMPANY

Fishers Cleaning Services moved to new premises in 2004 since which our company has grown from strength to strength, now employing over 90 operatives.

Our aim is to provide a service with commitment whilst understanding our customers needs. We use non –hazardous, environmentally friendly products and materials wherever possible in the cleaning process.

### Ask yourself the following questions:

A) Are you happy with the current service you receive?

B) Have you checked to see if their rates are competitive?

Why not let us provide a **FREE** quotation with **NO** obligation for comparison.

## PROVIDING A TOTAL END TO END SOLUTION

### STAFFING SOLUTIONS

We strive to exceed customer expectation. To have in force legal & regularity requirements in place with the respect of: Quality, Cost, Performance, Safety & Reliability.

- All our staff are fully checked for your peace of mind
- You are only charged for the hours worked
- We can provide everything required to do the job
- Our staff work around your schedule requirements
- Regular Checks are in place

***"A Complete Service Under One Roof"***

## VOID CLEANS / CLEARANCES / SHARPS

Our experienced and dynamic team works closely with clients to ensure that daily activities are planned with minimum disruption and managed to meet your exact requirements. We use non-hazardous, environmentally friendly products and materials wherever possible in the cleaning process. All properties are fully checked off prior to handover to ensure full satisfaction.

## GRAFFITI

Graffiti can be a serious problem and damage the image of many buildings and organisations, so here at Fishers Cleaning Services Ltd we understand the need to act quickly to restore the buildings, structures or car parks to their original clean state. Using High Pressure Hot Water to remove graffiti is environmentally friendly and safe to plant and landscapes, there is no need for chemicals. The operator will use a hand held lance/gun with a rotary nozzle to reduce the impact on the surface allowing only the graffiti to be removed without damaging the original surface.

## FLOORS

Our service range from machine scrub to remove engrained dirt or existing polish and re-buff using ultra high speed machinery to bring it back to it original finish.

For easy maintenance we can apply ultra high solids floor polish to a non-slip high gloss finish which not only protects the floor but makes it easier to maintain.

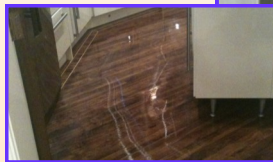

This can be applied to old or new flooring.  
Different finishes are available.

### TYPES OF FLOOR.....

- **HARDWOOD**
- **VINAL**
- **AMTICO**
- **TILE**
- **LAMINATE**
- **MARBLE**
- **SLATE**
- **TERRAZO**

- ◆ *Monthly Service*
- ◆ *Machine Hire*

**"A Complete Service Under One Roof"**

## CARPET CLEANING

The right carpet cleaning helps you safeguard your investment by keeping you from having to replace it before time.

Even with regular vacuuming, soil particles & oily dirt will cling to the carpet fibres, with foot traffic these particles are driven deep into the carpet. We recommend professional hot water extraction every 12-18 months.

Our deep cleaning system uses self neutralizing chemicals that flush out the dirt & pollutants from the fibres leaving your carpets clean & fresh.

## AFTER BUILD CLEAN

Building works will create much dust and dirt. We have a specialist team of cleaners that carry out Builders Cleans on refurbished properties including newly built developments. Builders Cleans are time sensitive which requires the cleaning company to be flexible to the client needs. As all our cleaners are fully trained to the highest standard, you can feel confident that you have employed a professional cleaning company with all relevant qualifications.
